Re: **IMPORTANT / NEW CONTACT INFORMATION** - VP fuel pre-order for PIR events

Please note this is a change from the previous e-mail on this subject. Deadline for ordering is July 14. VP contact is Bruce Hendel from the West Coast office -- not Jim Kelly -- and all orders should be faxed to Hendel at the number indicated.

Bruce Hendel / Western Regional Manager

VP Racing Fuels, Inc.

PO Box 1319

Wildomar, CA. 92595

951-696-5100 office

951-696-5577 fax

909-322-0737 cell

[vppacific@vpracingfuels.com](mailto:vppacific@vpracingfuels.com)

Since Atlantics are no longer on the schedule for PIR, Star Mazda is the only class VP fuels supplying. With the cost of transportation, it is not feasible to send a truck from Texas to Portland to service 30 drums over three days. Since most teams take full drums, VP is requiring that you pre-order the amount ... in full barrels... your team will use for the weekend. VP will ship pre-ordered barrels to PIR prior to the race and pick up the empty drums from PIR on Monday.

**Teams must pre-order full drums of fuel for PIR no later than July 14. You will get only what you order; there will be no additional fuel available, so please be sure to order enough for all your needs... including drivers who may not have signed yet.**

If you have fuel left over after the weekend, VP advises us that DOT regulations allow private carriers to transport up to 1000 pounds of flammable liquid with no placards or haz mat endorsements.... 1000 pounds is the equivalent to two 54 gallons drums plus a 30 gallon drum.

Re: Fuel pre-orders for Mazda Grand Prix of Portland

**All teams must order prior to July 14 and pre-pay for their race fuel needs at PIR using the form below.** Please place orders as soon as possible, keeping in mind that this is a 2-race weekend so fuel usage will be higher than usual. Full barrels of fuel only. Barrels will be drop-shipped to PIR and empty barrels will be picked up after the race weekend. **Fax Completed Form to (951) 696-5577**
