Re: Oval track test days

The Star Mazda Championship will hold official series test days at both oval tracks on the 2009 schedule. The Milwaukee test will be May 20 – 21 and the Iowa test will be May 27 – 28. These are IMSA-sanctioned and we will have two ALS ambulances, Registrar, Tech, Race Director (Kent Williamson), emergency dispatcher, fire trucks and crews, etc. for each test. Liability coverage will be through the tracks. Entry forms are attached and posted on the series web site.

Further information about the tracks, layout, directions, etc. can be found at the links below.

<http://www.milwaukeeemile.com>

<http://www.iowaspeedway.com>

iRacing.com in-car simulation video of a Star Mazda car doing laps at the Milwaukee Mile can be found here: [http://www.youtube.com/watch?v=XGngJ\\_gumh0](http://www.youtube.com/watch?v=XGngJ_gumh0)

If your driver would like to practice driving the Milwaukee Mile on a simulator prior to the test, iRacing.com has the track – and a Star Mazda car - on their site. Contact Peter Frey ([StarMazdaPR@aol.com](mailto:StarMazdaPR@aol.com)) for a promotional code good for a 1-month free trial of iRacing.com. Please note the sign-up process requires a credit card number, and the free trial must be cancelled prior to the one-month date; after that the car will be charged for a subscription. Many of the tracks on the 2009 schedule are on the iRacing.com site.
