On December 31st of last year, many of the nondisclosure agreements that Goodyear has established with the Star Mazda race teams expired. These nondisclosure agreements protect the confidentiality of Goodyear's Star Mazda tire data. If you currently hold an expired nondisclosure agreement with Goodyear, and you wish to continue to participate in the Star Mazda Tire Data Program in 2010, then please send an email to Chris Mileti (chris_mileti@goodyear.com) as soon as possible.

In order to get your contract extended, you will need to provide Mileti with your organization's full legal name and mailing address. Also, please send the name, phone number, email address, and official title of the team representative that will be listed on the contract. If you wish to have other employees placed on Goodyear's email distribution list in addition to the team representative, please send their contact information as well. Thank you.
