

THE ROAD TO INDY™ JUST GOT FASTER!

The **IZOD IndyCar® Series**, **Firestone Indy Lights®**, **Star Mazda Championship** presented by Goodyear and **USF2000 National Championship** presented by Cooper Tires are proud to welcome **Mazda** as the new title partner to the **Road to Indy** driver development ladder. INDYCAR's creation of Road to Indy is designed to prepare and propel entry-level open-wheel drivers and teams to the top of the IZOD IndyCar Series and the Indianapolis 500®.

“Early in my career, I was able to win races and move up each step of the racing ladder in the U.S., and Mazda was always there to support me. Their commitment to open-wheel racing and young drivers is why I am racing where I am today. I’m a member of the Mazda family.”

- **Raphael Matos**
