Re: Milwaukee Meeting Times and Qualifying Information

Driver Meetings:

Friday 6-19-09 12:00 n
Saturday 6-20-09 9:00 am

Warm Up: 12:00 n Sat - 10 minutes

Qualifying: 12:15 pm Sat -- Single car, order per below:

From merged Friday practice sessions: slow car first - fast car last
If **both** Friday practice sessions rained out - points order for qualifying (least first)

If Saturday qualifying rained out, or **all** cars cannot qualify - we will grid in Friday practice sessions times.

If **both** Friday practice sessions rained out and Saturday Qualifying session , we will grid in points order, most first.

Clarification:

Tire rule: You have three marked sets available for the weekend. Since no oval tires have been marked prior to the Milwaukee event, there are no previously marked sets. You may use any of the marked tires from Milwaukee at Iowa for the first session.
